SKILLS

Trend Analysis & Pattern Identification	Survey Design, Tool Development & Execution	Data Analysis and Statistical Modeling	Machine Learning Algorithms
Impact Measurement & KPI Monitoring	Computational Methods	Data Visualization and Reporting	Hypothesis Testing and Predictive Modeling
Monitoring & Evaluation (M&E)	Research Design and Survey Analysis	Policy Evaluation and Evidence-Based Decision-Making	Project Management and Workflow Optimization

TECHNICAL SKILLS

Data Management:	Data cleaning, data analysis, data visualization, and data modeling using R and Python.	Statistical Analysis & Modeling:	SPSS, R, Python, GLMs, Bayesian Models
Data Visualization:	Tableau, Power BI, ggplot2, Matplotlib		

EDUCATION

Msc. Statistics University of Embu <i>2025 - Present</i>	Bachelor of Science in Statistics University of Embu <i>09/2024</i>
---	--

WORK EXPERIENCE

Statistician, Research and Consultancy Officer Kenya School of Government

09/2025 - 12/2025

- Collected, cleaned and analyzed large datasets using EpiData, SPSS, Excel, and R, enabling evidence-based insights for public policy and governance research projects.
- Authored reports, policy briefs, concept notes and communiqués, translating complex data into actionable recommendations for internal and external stakeholders.
- Supported organizational assessments and feedback collection for consultancy projects, contributing to measurable improvements in public sector operations.
- Coordinated and prepared training sessions for capacity-building programs, enhancing learning experiences for public servants through well-structured materials and logistical management.
- Streamlined administrative processes for research and consultancy activities, including scheduling, document management, and progress tracking, ensuring projects were delivered efficiently and on time.
- Developed clear, concise presentations summarizing research findings, improving stakeholder engagement and comprehension of complex policy issues.
- Conducted literature reviews and policy research to inform strategic decision-making and support senior advisors in drafting evidence-based recommendations.
- Assisted in monitoring and evaluating project outcomes, providing insights that guided improvements in research methodologies and consultancy effectiveness.

CERTIFICATIONS

Data Science and Analytics Bootcamp - LUX Tech Academy and Data Science East Africa (09/2024)

INTERESTS

- Public Policy and Governance Research
- Capacity-Building and Training Programs
- Research on Socio-Economic Development
- Sustainable Development
- Travelling
